Website: www.pisapain.com

Pain relief is our specialty, you are our concern. At the Pain Institute of Southern Arizona (PISA) we are dedicated to the evaluation, diagnosis, and treatment of pain. Finding the cause and effectively treating your pain is our primary goal. Our physicians will work with you and your primary care doctor to design a treatment plan to decrease your pain and increase your level of function.

Our two fluoroscopy suites allow us to perform procedures in our clinic, so you pay only your office co-pay/deductibles and not a large ASC or Hospital facility fee. This may easily save you a few hundred dollars.
